So I'm not sure exactly what this amendment did except for it's saying you can't charge any fees for identification documents.  Q. And isn't it the case that Amendment 15 would have prohibited fees needed fees to obtain a document that may be used as proof of identification under S.B. 14? Isn't that correct?  A. I'm not sure. The way it reads, it says for certain forms of identification. I don't know if they're the same forms that are required to get a driver's license or ID or different forms or I can't answer it.  Q. Why did you move to table this amendment?  MR. SWEETEN: Don't answer that. It would require you to reveal your thoughts, mental impressions, opinions about the legislation.  A. It's privileged, unless it's in the record.  Q. During the debate, do you recall saying that the bill was about voter ID, not issuing documents for free ID? And so I guess I'll ask again, if that was one of the elements of S.B. 14 that helped make it legal, that that ID be available for free, for that to be a free ID, doesn't it need to be free to get the documents that you need to get the free ID, as a matter of logic? What did Mr. Brunson generally do with regard to 15 therefore you can discuss if you had a communication, 15 voter ID? What were his responsibilities. 16 you can answer general matters, but don't reveal 16 A. I don't know because he didn't tell me all his 17 specific thoughts and mental impressions with respect to 17 responsibilities, but what I saw him do as I just 18 a specific bill as to voter ID. It would have been several people over the 5 year 7 MR. SWEETEN: In answering this question, 8 period. Mike Walz, W-A-L-Z, I think is the still 8 don't reveal thoughts, mental impressions or opinions 9 9 current press secretary. Is it less retrogressive alternative to 19 i.e. Are they more open to fraud or forgery? And so I 19 the bill or a less retrogressive alternative that's 20 guess as I sit here today that the answer would be yes. 20 still insures secure elections. So I guess my short Q. (By MR. DUNN) So it's your opinion that the 21 21 answer is, I don't know. 22 public record testimony or other supports for this bill 22 Q. (By MR. DUNN) What did you mean here in Exhibit 23 demonstrated or to use the word in the memorandum 23 86 when you used the term less retrogressive 24 24 Exhibit 86, prove then that birth certificates and alternative? 25 social security cards were unreliable or lacked security 25 A. Well, I think this is intended to be a summary of 362 364 1 measures. Is that true? the 2005 DOJ opinion -- staff opinion. 1 2 A. I would have to review the records. I would say 2 Q. So in trying to summarize the DOJ staff opinion 3 it speaks for itself probably. 3 as it related to Georgia, is it your testimony you 4 weren't able to understand what a less retrogressive 4 Q. Now, the next question, is there evidence that 5 5 criminal penalties are sufficient to deter voter fraud; alternative meant to the DOJ? 6 6 did I read this correctly? A. And to the DOJ reviewing the Georgia law it 7 7 A. Yes. probably meant a less retrogressive alternative than 8 8 Q. What is the answer to that question with respect that implemented by law. 9 9 to Senate Bill 14, using only the public record? Q. And is it your opinion based upon the public 10 MR. SWEETEN: Don't reveal matters of 10 record and your research of the Georgia law and Senate Bill 14 that Texas's Senate Bill 14 is less 11 11 legislative privilege. You can answer. 12 A. My memory of the -- I don't recall from the 12 retrogressive than the Georgia law? 13 13 MR. SWEETEN: Objection you're asking for 14 Q. (By Ms. Montgomery) The next question is: Are 14 his mental impressions about legislation particularly 15 there additional forms of photo ID that can be accepted 15 Senate Bill 14. That is a matter of legislative 16 for voting? Did I read that correctly? 16 privilege. 17 A. Yes. 17 A. The question is: Is the SB 14, in my opinion, 18 Q. What is the answer to that question using only 18 less retrogressive than --19 the public record for Senate Bill 14? 19 Q. (By MR. DUNN) The Georgia law? 20 A. The -- it is not every type of photo ID that is 20 MR. SWEETEN: Don't reveal thoughts, mental 21 acceptable under SB 14. 21 impressions regarding the legislation or communications 22 Q. So with regard to the questions here under Is 22 you've had with legislators of the other enumerated 23 23 there a less retrogressive alternative, you can't groups I've been talking about today. 24 provide testimony today whether Senate Bill 14 presents 24 A. Sure. I would have to review the Georgia law to 25 the least retrogressive alternative or not is that true? be sure.

365 367 Q. (By MR. DUNN) Now, the next section says, Does 1 A. Right. I don't recall any -- I don't think I 1 the new law include mitigating effects? The first 2 2 publicly addressed these. sentence is, Are photo IDs free of charge and widely 3 Q. (By MR. DUNN) Do you know -- well, let me ask it 4 available? Is that true under Senate Bill 14? 4 this way. Did you direct anybody to go about answering 5 5 these questions in Exhibit 86 as they applied to Senate A. I believe it is, yes. 6 MR. SWEETEN: Same objection. Bill 14? 7 Q. (By MR. DUNN) What information do you have from 7 A. In public or internally? 8 the public record that the free ID's that can be 8 Q. Anywhere. That some people had to wait a long time. 24 MR. DUNN: I probably have five to seven 25 Q. Do you remember what locations that occurred at? 25 more minutes. 366 368 1 A. I think my memory is that Houston was mentioned. 1 Now, skipping down to the, How does the law 2 But I don't remember what other locations. 2 compare to laws of other states, is it more or less. 3 Q. Do you remember which location in Houston? 3 restrictive than the identification laws in other 4 4 states? Did you conduct an analysis to answer that 5 Q. SWEETEN: Don't reveal your thoughts, 7 offices with long wait times and where those offices 7 mental processes, impressions about legislation in 8 were in relation to minority population centers? 8 answering the question or communications that you've had 9 A. My memory is that it was opponents of the bill 9 with legislators, staff, State Agencies, Texas Ledge 10 arguing that, as you said, minority populations would be 10 adversely impacted by that. 11 11 Q. (By MR. DUNN) And again, I'm going to withdraw 12 Q. Did you see any evidence in the public record to 12 that question and ask it this way: Relying on only the 13 contest that allegation made by minority representatives 13 public record, which is the statute as passed, Senate 14 or Senators? 14 Bill 14, the evidence that you're aware of in the public 15 A. Who makes the decision as to whether or not a 9 10 complaint merits referral? 10 Q. So there's a spreadsheet, but let me ask a 11 11 larger question: How are the complaints of voter fraud 12 12 Q. The OAG has -- they've got too 4 many cases to work on to do Class Cs. A. Exactly. 5 5 Q. All right. Do you know how far back the Q. Okay. And so we've -- you've testified to 6 6 this, generally, but the types of voter fraud complaints referrals go on either the hard copies or the PDF 7 that would be received by the Secretary of State's 7 versions on electronically? 8 Office, can you give me a little bit more detail on 8 A. And everything that's referred to the Q. By the OAG's Office? 21 Secretary of State's Office or to the election division 21 A. (Witness nods head yes.) 22 does not turn out to be a crime; is that correct? 22 Q. Do you recall on that spreadsheet how many 23 23 A. And generally, do you have knowledge of the positions taken by the supporters and opponents of SB 14?  A. In general terms.  Q. Do you recall any of the debate centering on preventing noncitizens from voting? And I'm referring to SB 14.  A. Yeah. You know, I don't have any specific recall of the terms of the debate. A. No, it's entirely true, because you were asking about the resource during the development and drafting of the bill, and I don't have any idea what happened during the development and drafting of the bill. I don't I know what happened after the bill was drafted and developed as it's going through the legislative process, and I only know that in general terms. So no, it was entirely accurate.  Q. What was the purpose of SB 14?  A. Well, as I mentioned before  MR. SWEETEN: Hold on a second.  Objection, asked and answered. And are you asking him his personal opinion about SB 14?  Q. But is it fair to say that if someone went 9 up with one of the other forms of acceptable 10 through the process of fabricating, and this is a 10 identification under 63.0101. Right? So it could be a 11 general question, fabricating a driver's license, that 11 birth certificate. It could be a student ID. Q. Okay.

A. The winning bidder.

And that was a voter education campaign regarding photo ID. Now, that campaign is ongoing right now, and it is not about voter ID, because we don't have preclearance on this bill. But the money is in place. The spots are bought for both the primary and the general election. And it's easy to change the content back to what was proposed.

We're going to have to train the election workers about the photo ID. We've started that process. I mean, we haven't started training them. We started the process of the manual. Y'all have got a draft in your office now. We're working on the Powerpoint video combo.

- Q. That's the training video?
- 17 A. Training video.
  - Q. Okay.
  - A. We're not going to reshoot the video. We're just going to add some Powerpoint slides between what already exists. We got to post the notice of acceptable identification outside the polling places. And the voter must present to an election officer at the polling place one form of ID described in Section 63.0101.

The document required -- on presentation

depends on the administration of this bill at the polling places?

- A. This success of any election law depends upor the administration of the election law at the polling place and at the voter registrar's office before the polling place.
- Q. And that's also true for SB 14?
- A. That is true for every single election law ever adopted.
- Q. Could you describe the election identification certificate provision of SB 14?
- A. I don't know much about it. That's a DPS question. I just know that they have had to come up with an election identification certificate that is good for voting but not good for anything else, and I don't know any of the particulars on it.
- Q. Do you know how that particular part of SB 14 was developed?
  - A. I don't.
- Q. Do you know what if any role the Secretary of State's Office or the Secretary of State and/or her staff would have played in the development of the election identification certificate?
  - A. I do not.
  - Q. Do you know if there's any studies, reports or

- of the document, the election officer is going to determine whether the voter's name is on the list of registered voters. And when they're making that determination, they're supposed to use the standards adopted by the Secretary of State. And we've got that rule adopted, 81.71, about whether or not the voter's name on the documentation they provide is substantially similar to but does not match exactly with the name on the voter registration list.
  - Q. Uh-huh.
- A. So they've got to match the names. If they don't match exactly, you know, but they're close, we've got four criteria in our rule. I don't remember them all off the top of my head. But, you know, if it's a last name middle name combo that you only have one or the other, that's one of the similar names. If it's a commonly accepted abbreviation of one of the names, so Beto for Alberto. If there's a middle initial that's there or not there -- I mean, we've got several descriptions of what they should consider to be substantially similar names -- they'll provide them an affidavit. They'll provide the voter an affidavit stating that the voter is the same person and that voter will be allowed to vote.
  - Q. Would you agree that the success of SB 14

- analysis within the Secretary of State's Office which address the issue of election identification certificates?
  - A. I don't know of any.
  - Q. When producing documents in response to the document request for the notice of deposition, are you aware of any documents that were produced that address the issue of election identification certificates?
  - A. I'm not specifically aware of such things. If we had them, they were produced.
  - Q. Do you know what, if anything, the election identification certificate modeled on or upon?
    - A. I do not
  - Q. Do you know what, if any, concerns were expressed regarding -- do you know why this particular -- how this provision arose or what concerns were expressed, if any, about election identification certificates?

MR. SWEETEN: Objection, speculation.

- A. I do not.

## A. I don't know. I assume so. But that's, again, a Rich question.

- Q. Who bears the primary responsibility for informing election workers or poll workers about changes to state election law, like the new photo ID requirements in SB 14?
  - A. The Secretary of State's Elections Division.
- Q. And what's the Election Division's plan for training poll workers on the voter ID requirements of SB 14?
- A. Well, we've got several things that we're planning to do. We've got forms that we've prepared that we submitted for preclearance. We've got a manua that we have begun to draft, that we've also submitted for preclearance, that's going require a little modification, and we've got a video that we have used in the past for educating poll workers, and we're going to add PowerPoint content to that video in time for an August 15th roll-out.
- Q. And how do poll workers see that content? Do you send it to the county supervisors and they give it to the actual workers, or how does that work?
- A. That's generally the way it works. The election administrators or county clerks, whoever is in charge of the elections at the local level, is

- election night returns process for these two last elections, or this last election that we've had. So she now has breathing space within which to do this work.
- Q. And how do you think getting those training materials out, you know, the difference between Augus 15th and August 31st, two weeks or a little more, how will that two weeks make a difference in election worker training?
- A. It won't make a difference directly in election worker training. It will make a difference in educating the county employees.

We've got a seminar where county employees are going -- election workers, tax assessors, collectors voter registrars, are going to be in town August the 20th and the few days thereafter, and it would be ideal to roll this out with them at that time, while we've got 7- or 800 of them present, that would be great if we could do that, and that way, they would have personal interaction with us before they start training their poll workers. Unfortunately, if it's August 31st, we're not going to have the opportunity to demonstrate this to those county officials.

- Q. So then how will you inform county officials about the photo ID requirement?
  - A. Well, the way we generally communicate with

- responsible for making sure their poll workers go through training before they work.
  - Q. Now, you said an August 15th roll-out. If there isn't a decision on preclearance of SB 14, how will that change your plan?
  - A. It will not. It will just mean that it rolls out August 31st.
  - Q. And is it -- so that's the kind of thing that you are able to change to conform to SB 14 and roll out with a day's notice?
  - A. Certainly not. These are changes that are being worked on right now.
  - Q. So the training materials, if I understand you correctly, are not completed now but are in the process of being completed?
    - A. That is correct.
    - Q. Have you seen those training materials?
  - A. I have seen the manual, the draft that's in front of the DOJ right now. I had input into the drafting. I have not seen any of the PowerPoint presentations' splices into the video yet. I've talked to Lettie about some of the content that we're going to need to put in that. She's got a copy of the manual so she can transfer content from the manual to those slides. But she has been otherwise engaged with the

- county officials is by e-mail.
- Q. So you'll just send out an e-mail sometime after the preclearance decision saying what to do about photo ID; is that correct?
- A. That's right, and where the training materials are located on our website, and, you know, that we have copies available, if they need them, in CD form or DVD form. I mean, we'll run the full gamut of communication at that point, but it will start with an e-mail that says, we've been precleared and we got training materials, here they are.
- Q. Will the training materials include samples of the acceptable forms of ID under SB 14?
- A. That's the modification that I want to make, so it will have representative samples. I'm intending for it to have that, yes.
- Q. Will it include a sample of a voter registration certification showing that the voter is disabled?
- A. I don't know if we'll have a mock-up of that at the time. I don't know that form exists yet. That's -- I don't know.
- Q. And how do you plan to determine whether election workers understand the requirements of SB 14 to show photo ID?
